

Please pass it on..

Prime example of what NOT to allow. Eventually it will come to a head and the dog will have enough. This child will be injured and this dog will be labeled aggressive and rehomed or likely euthanized. Stop allowing children to mistreat dogs. It's not cute. It's not funny. It's not playful. It's dangerous and stupid. The dog and child pay the consequences for the parents lack of common sense.
